## Commentary

The report identifies the top ten counterparties contributing to the total ledger flow, with Nightjar Trust leading at 25.72% of the total. Zephyr Settlement Bank and Kestrel Trust follow, accounting for 18.80% and 16.60%, respectively. These three counterparties alone represent over 60% of the total ledger flow, indicating a significant concentration among them. Operations should particularly note the dominance of Nightjar Trust, as its transactions constitute over a quarter of the total flow.

% of total Amount (Display) is a percentage and cannot share an axis with the amounts, so it is in the table only.
